Don't Pass Over This Opportunity.....

Shalom Pastor and Family in Christ Jesus!

My name is Teresa and I wanted to give your church the opportunity to host our Christ in the Passover demonstration/message.

- ◆ Relive the Drama of the Last Supper
- ◆ Discover the Jewish roots of our Communion
- ◆ Experience the rich heritage of our Christian faith

We have shared this message in Churches all around the United States and letters have come back by attendees who have richly been blessed and touched by the message and powerful presentation. Don't miss this opportunity to have this message shared in your church.

Our speaker, **Reverend Igor Ashkinazi**, a Jewish believer in Jesus will explain what each ceremonial item meant historically and spiritually for Israel and then how *each item pointed toward* and found fulfillment in the atoning work of *Jesus Christ* on the cross. Ancient and modern Jewish items are discussed and described with an emphasis on the aspect of the redemption which Christ accomplished on the cross.
