## “Christ in the Feast of the Tabernacles”

**Christ in the Feast of the Tabernacles** presentation aims to enrich the church’s understanding of the Gospel by going back to the Jewish roots of the Christian faith. **Feast of the Tabernacles**, in Hebrew known as sukkot is also called the Feast of the Last Fruits. This feast is the feast of **great joy**. Reverend Igor Ashkinazi will set up an actual sukkah, ceremonial booth; the congregation is transported to Jerusalem in Jesus’ day and sets the stage for His claim to be the light of the world and the giver of the water of life.

The understanding of this feast must be extremely important to us. This is the one feast of Israel that will be celebrated during the physical reign of Christ on earth (Zechariah 14:16). Reverend Igor will clearly explain the typologies, the implications and the blessings of this feast for the believers in Christ today. The Word became flesh and dwelt, literally tabernacle among us.

Like many Jewish holidays the Feast of the Tabernacles shows how consistent the God of Israel is in His desire to have a real and personal relationship with all people. **Christ in the Feast of the Tabernacles** includes a clear and sensitive presentation of the Gospel and most appropriate to invite seekers to this program. Freedom Ministries International encourages church members not only to invite their Christian and Jewish friends, but also people from all backgrounds to come and see this faith-building presentation.
